Communicated

Senior Surgeon's letter about his not being Consulted in the matter of an issue of an order Concerning reports about Plague.

The Senior Surgeon was made the Adviser to Govt but not the Chief Censor, which latter vocation he has taken upon himself not only in this but in many others of his communications recently Se Covered. I don't quite understand the Senior Resident's attitude. A short reply as follows may be sent.

"Govt are of opinion that there is nothing in Agreement there from giving orders ~~on the Collector~~ under above Law Customs and without referring ~~to Govt~~ consulting the Senior Resident."

This is certainly one of the most important questions that has arisen during the H.H.'s reign & after the Council has considered it I should like to see the Resident's minute on it before I express my opinion. H 23/11/02
